

# 4 ARKANSAS CONVICTS KILLED

## PARAGUAY-BOLIVIA WAR MOVES BRING DRASTIC ACTION

**NINETEEN AMERICAN NATIONS WARN BELLIGERENTS WAR IS NOT DESIRED**

(By The Associated Press)  
Bolivia and Paraguay gave their approval today to international moves for peaceful settlement of the Chaco controversy but they prepared for war.

Dispatches from Perico, Argentina, a town on the Bolivian border, quoted a Bolivian commander as saying 10,000 troops would be in the Chaco in the next few days. Bolivia now has 6,000 men there, he said.

In Lapaz, it was said the government would raise serious objections to several clauses of the note sent by the United States and 18 South and Central American nations yesterday, in which a warning was given that any territorial gains made by armed forces would not be recognized.

Paraguay informed the League of Nations it was willing to arbitrate and Bolivia, in its note to the League, said it "did not decline" offers of a peaceful settlement.

The Chaco itself was reported quiet.

WASHINGTON, Aug. 4. (AP)—A new enunciation, promising to be historically as prominent as the Monroe Doctrine, today warned Bolivia and Paraguay that unless they arbitrate their dispute over the Chaco and territory either of them gains will not be recognized as having changed hands legally.

Nineteen American nations moved to express disapproval of the Western Hemisphere diplomacy. They hope replies to their note will prevent further hostilities in the long dispute.

The note, which many ears of the Anglo-Japanese difficulties in Manila, said the note dispatched to Paraguay and Bolivia is considered couched in stronger terms than any sent to China or Japan.

The message follows the principle of the Kellogg-Briand instrument of national policy, applying them for the first time to this part of the world. It says, in part, that

## Light Showers Fail To Relieve Texas Heat Wave

By The Associated Press.  
Despite slightly unsettled weather in parts of Texas, most of the state today continued to smolder under baking temperatures. Prospects of relief in the next 24 hours were not good.

However, the forecast of partly cloudy weather for the next few days in the eastern half of the state indicated the heat wave might be broken soon.

Yesterday the mercury climbed to 102 degrees at Abilene, Austin, it was 100 at Dallas, Del Rio, El Paso, Houston and San Antonio. Gainesville had a top reading of 105 and Corsicana 103.

Scattered showers and gusts of wind provided temporary relief last night in parts of north and southeast Texas.

Wind unroofed a few barns and overturned a house in a community seven miles south of Gainesville. About one inch of rain and some hail fell there.

Longview reported 36 inch rain last night. Crops in that section of East Texas were badly in need of moisture. Some of them were damaged by recent dry weather.

## BOTH WETS AND DRIES WAIT FOR HOOVER ACCEPTANCE AS BASIS FOR CAMPAIGN PLANS

WASHINGTON, Aug. 4. (AP)—Organized wets and dries look for President Hoover's acceptance speech a week hence to complete the evidence needed for their 1932 campaign plans.

For both, the president's official statements to date have largely concluded the Republican course outlined by the Chicago platform—just as Democratic repeal and modification promises have been elaborated by Gov. Franklin D. Roosevelt.

With groups on both sides marking time—except for field work in scattered congressional primaries.

With first drafts of Mr. Hoover's speech complete and closely guarded, some contend the chief executive will confine his remarks to an acknowledgement of the Republican plank which declares for submission of repeal in a way intended to prevent the return of the saloon and retail liquor control.

Others hold the president will discuss the issue at length, defining in detail his own views on the prohibition problem.

But from one outstanding prohibition leader today—Dr. Erwin C.

## Gene as Spellbinder

Mr. James Joseph Tunney, better known as Gene, delivering a political speech at an outing of a democratic association at Stamford, Conn. It is reported that the former heavyweight champion is being groomed for the democratic nomination for the U. S. senate, but Tunney denies any ambition to hold office.

## WOMAN FLIER IS MAIN WITNESS IN LANCASTER CASE

**TELLS OF HER LOVE FOR  
TWO MEN AND TALKS OF  
SUICIDE BY ONE**

MIAMI, Fla., Aug. 4. (AP)—Mrs. Jessie M. Keith-Miller testified today at the murder trial of Captain W. N. Lancaster that she had loved two men and that she had talked of suicide.

Her fiancé, only a few hours before he was found fatally shot in her home.

Her statement was contradictory to her testimony of yesterday that it would be necessary to post her fiancé, only a few hours before he was found fatally shot in her home.

She said her suicide suggestion was made after Clarke told her of a conversation he had had with Lancaster, her former fiancé, regarding their proposed marriage. She quoted Clarke as saying "I can't stand it any longer. I am going crazy."

She said they had agreed in conversation earlier in the evening that it would be necessary to post her fiancé, only a few hours before he was found fatally shot in her home.

Under examination by James M. Carson, chief of defense counsel, she described as "highly cordial" Lancaster's attitude toward her and Clarke when the British flier came hurriedly to Miami from St. Louis on learning Clarke had succeeded him in her actions.

Mrs. Keith-Miller elaborated on cross-examination on her earlier testimony regarding the arrival of Lancaster from St. Louis the day before the shooting and the quarrel of the two men over her that night.

MIAMI, Fla., Aug. 4. (AP)—The story of a strange love triangle drew its climax today to the trial of Captain W. N. Lancaster, former British army flier, for murder of Haden Clarke, his rival in the affections of Mrs. Jessie M. Keith-Miller, Australian.

## AMERICAN BONUS ARMY RETURNING TO THEIR HOMES

**SPECIAL TRAINS TAKING  
VETERANS AWAY FROM  
JOHNSTOWN THURSDAY**

BY LEO W. SHERIDAN  
(Associated Press Staff Writer.)  
JOHNSTOWN, Pa., Aug. 4. (AP)—Shouting "goodbye" and "so long," a second trainload of bonus marchers left today in an "evacuation special" for the west and southwest.

About 1,000 men and a few women and children marched in ragged lines from the squalid camp on the outskirts of Johnstown to Ferndale yards of the Baltimore and Ohio railroad, where the special train was made up.

The first train, with several hundred on board, left last night for Illinois and the west coast.

Railroad officials are speeding preparations to evacuate the others at the camp and they expect the demobilization to be about 75 per cent completed by nightfall.

The veterans seemed good-natured and willing to get out of Johnstown.

Twenty-five railroad policemen and city and state police assisted in the evacuation. There was no disorder.

While the bulk of the army will be sent to home states by train, there are several hundred who have their own cars and trucks and the problem of their evacuation was worrying Mayor Eddie McCloskey and B. E. F. Stettin, city officials.

The greatest need is for gasoline or money with which to buy it and McCloskey is attempting to communicate with Governor Gifford Pinchot to ask for help.

Most of the cars are so battered that it was suggested their owners leave them here and accept

## MICHIGAN RECLUSE CONFESSES MURDER OF YOUNG GIRL

**SAYS HE STRUCK GIRL DOWN  
AND STRANGLED HER  
WHEN REPULSED**

LUDINGTON, Mich., Aug. 4. (AP)—Francis (Rusty) Nash, confessed slayer of Evelyn Sanford, 17-year-old farm girl, whose body was found buried in a cellar yesterday, was sentenced today to life imprisonment in solitary confinement at hard labor.

The sentence, pronounced by Circuit Judge Hal J. Culter after Nash had refused to take the witness stand in his own behalf, was received with applause by the crowd which packed the court room and the corridors of the building.

Preparations were begun at once to take the 31-year-old bachelor recluse to Michigan branch prison at Marquette.

LUDINGTON, Mich., Aug. 4. (AP)—Francis (Rusty) Nash, strange recluse, covered in a police cell today after confessing he strangled pretty 17-year-old Evelyn Sanford.

Stirred by the discovery of the girl's bruised body in a shallow cellar grave in Freesoil yesterday, residents voiced threats to lynch Nash. He was spirited from Freesoil to Traverse City yesterday and today police waited for hostile feeling to subside before arraigning him on a murder charge. The maximum penalty is life imprisonment.

Tell-tale scratches on the 31-year-old recluse's face led to his arrest, police said. His confession declared he waylaid the young farm girl Saturday night along a lonely road leading to her home and killed her in anger when she repulsed his advances. He denied assaulting her.

Nash's signed statement, made to state police, Sheriff George L. Colyer and Prosecutor P. R. Von

## Smith Reynolds' Wife and Friend Indicted Murder

WINSTON-SALEM, N. C., Aug. 4. (AP)—Libby Holman Reynolds, wife of the Forsythe county grand jury today for murdering Smith Reynolds, Libby's young millionaire husband.

The jury, ordered to make a thorough investigation of the trouble which cost two veterans their lives, already had in its records the story of Pelham D. Glasford, superintendent of Washington police.

Meanwhile arrangements were made at the war department for a military funeral for Eric Carlson of Oakland, Cal., with burial in Arlington National Cemetery tomorrow afternoon. Carlson, a bonus marcher, died Tuesday as a result of wounds received last week in the rioting with police.

The request for a military funeral came to the war department from John Carlson, a brother of the veteran, through the veterans administration.

## Tenting On New Camp Ground

Top is a general view of the new B. E. F. camp at Johnstown, Pa., showing the tents of the first arrivals being set up. Lower shows newly arrived veterans getting their first meal at the camp which was located in an amusement park on the outskirts of Johnstown. This camp is being rapidly vacated as the veterans are being sent home.

## BREAK IS IMMINENT BETWEEN VON PAPPEN AND ADOLF HITLER

**RECENT RIOTS IN GERMANY  
IS BELIEVED BASIS FOR  
MISUNDERSTANDINGS**

BERLIN, Aug. 4. (AP)—The prospect of a serious break between Chancellor Von Papen's government and Adolf Hitler, national socialist leader, over the recent riots in Germany was intimated in the rightist press today.

This was coupled with evidence that Hitler was spreading his organization efforts into other European countries and planning a powerful Nordic European alliance.

The ultra-rightist Boersen-Zeitung said the government is considering a smashing emergency decree to end the rioting, in practically all of which Hitler's Nazis and his storm troops had a part.

That the decree would meet protest from Hitler's forces was indicated by William Juhe, head of the powerful Nazi delegation in the Prussian diet. Herr Juhe severely criticized Chancellor Von Papen's Minister of Interior Baron Von Gayl and Franz Bracht, Prussian dictator, for what he said was an attempt "to sabotage the Nazi election victory."

As a result of Hitler's international negotiations, said parties fashioned after him, have been founded already in Norway, Sweden, Denmark and Holland.

Reports of his emissaries indicated the Nazi laying the foundations of a future foreign policy intended to result in a bloc of racially related nations to pursue the Slavic and Latin nations.

The Berlin Tageblatt, a powerful liberal paper, said today the

(Continued on Page 7.)

## DISTRICT OFFICIALS PRESENT ACCOUNT OF BONUS ARMY RIOTING

**TWO DISTRICT COLUMBIA  
COMMISSIONERS APPEARED  
BEFORE GRAND JURY**

WASHINGTON, Aug. 4. (AP)—Officials of the District of Columbia today laid before a grand jury their account of incidents leading up to bonus army riots a week ago which were finally ended by eviction of the veterans by federal troops.

Two commissioners of the District, Luther Reichelderfer and Herbert Crosby, and the secretary to the commissioners, David E. Garcke, appeared personally before the jury bringing with them all records concerning their dealings with the bonus seekers.

The jury, ordered to make a thorough investigation of the trouble which cost two veterans their lives, already had in its records the story of Pelham D. Glasford, superintendent of Washington police.

Meanwhile arrangements were made at the war department for a military funeral for Eric Carlson of Oakland, Cal., with burial in Arlington National Cemetery tomorrow afternoon. Carlson, a bonus marcher, died Tuesday as a result of wounds received last week in the rioting with police.

The request for a military funeral came to the war department from John Carlson, a brother of the veteran, through the veterans administration.

## WHITE WITHDRAWS SHERIFF'S RACE; THANKS SUPPORTERS

**WILL BE CANDIDATE FOR  
SAME OFFICE TWO YEARS  
FROM NOW**

Fred White, second man in the race for sheriff of Navarro county, formally announced today his withdrawal and he would be a candidate for the same office two years from now.

Mr. White's withdrawal leaves Sheriff Rufus Pevhouse unopposed for the office.

In announcing his decision not to make the run-off race Mr. White issued the following statement:

"To the people of Navarro county: I wish to take this method of thanking you for your kindness to me in my race for sheriff and to those who supported me so loyally I will ever be indebted. I am proud to say we made our race on a high plane and tried to win without any kind of unfair tactics.

"I have decided, that as the leading opponent is so near a majority, I shall withdraw my name from the race and will support him as the nominee of the party in the November election.

"I will be in the race two years from now and will appreciate your keeping me in mind.

"I am sincerely yours,  
"FRED WHITE."

## ROOSEVELT OUTLINES GENERAL PRINCIPLES UTILITY REGULATION

**DEMOCRATIC PRESIDENTIAL  
NOMINEE FOLLOW PLAN  
FOLLOWED AS GOVERNOR**

BY FRANK H. McCONNELL  
(Associated Press Financial Writer.)  
ALBANY, N. Y., Aug. 4. (AP)—Governor Franklin D. Roosevelt outlined informally today the broad general principles which will serve as guide posts in forming his recommendations for regulation of the nation's public utility industry.

He said he would set forth specific recommendations in a reasonably early campaign speech.

He remarked that his principles today are unchanged from those which he has followed in his duties as governor of New York state.

Broadly, they may be outlined as follows:

1.—The governor condemns as indefensible the financing methods employed by some large utility holding corporations which are now in financial difficulty, but he draws a sharp distinction between those companies which are, as he feels, soundly financed and those which create top-heavy capitalization.

2.—The governor holds as a primary principle the belief that all utility companies whose securities are publicly owned must be compelled to make public detailed statements as to their earnings, their capitalizations and the inter-relationship of the holding companies with the operating companies. He contends that this general rule should be made to apply to all corporations which list their securities on public markets. Full publicity, he insists, should be furnished in important transactions of barter or trade which have a vital public interest.

## BORAH WOULD OPEN WAR QUESTIONS TO AID WORLD RECOVERY

**REPARATIONS AND DEBTS  
MUST BE CONSIDERED SAYS  
VETERAN SENATOR**

MINNEAPOLIS, Aug. 4. (AP)—Senator William E. Borah says he believes the government's insistence on barring reparations and war debts from the proposed international economic conference will be certain to retard world recovery from its business slump.

The chairman of the Senate foreign relations committee declared for opening up every question whose ancestry goes back to the World War in an address at the University of Minnesota last night.

He likened elimination of the two questions to presentation of a "Hamletless Hamlet" and then outlined terms of a trade proposal for cancellation of allied debts owing the United States in return for permanent policy of disarmament by European nations.

Striking at limitation of conference subject matter, Senator Borah said existing international problems can't be solved "by piecemeal work."

"I can not agree that the United States should be in part of the time and out part of the time," he said, "prefer seeing the United States take a firm position and then go boldly forth to its task."

Sentor Borah called attention to figures he said had been given him a half hour before by Frank B. Kellogg, former secretary of state, who sat on the stage. These showed, he said, that Europe has more than 4,500,000 men in its standing armies. Replying to a question he said that dismissing these men would

## Bride to Fly Away

Though a bride of only a few weeks, Elvy Kalep, charming esthonian axtatrix, will soon attempt a flight from New York to Greece with Roger Williams as copilot. Miss Kalep is shown at Floyd Bennett airport, New York, with her new hubby, William E. H. Miller.

## SEABURY TURNED IN CAUSTIC REPLY ON WALKER'S DEFENSE

**NEW YORK PLAYBOY MAYOR  
IS CALLED EVASIVE AND  
'UNWORTHY OF BELIEF'**

ALBANY, N. Y., Aug. 4. (AP)—An attack on Mayor James J. Walkers credibility lay on Gov. Franklin D. Roosevelts desk today as the case of New York's "Jimmy" pushed to the forefront of gubernatorial problems.

The documentary strife between Walker and Samuel Seabury, counsel to a legislative committee of investigation, reached a new climax when Seabury filed late yesterday 20,000 words calling Walker evasive and "unworthy of belief." It was a reply to Walker's defense against accusations of unfitness, on which the mayor's removal is sought.

Soon Gov. Roosevelt is expected to make a decision public. He may give Walker a hearing. It also was considered possible he might remove or exonerate him on the basis of documents on file.

Seabury, whose tone has hitherto been coldly legal, uncorked sharp language in his reply to the mayor's contention that 10 of 15 removal counts are outlawed because they refer to a previous administration. Seabury said it was a "sorry sight indeed" to see a public officer contending he must be allowed to continue in office "because he was fortunate enough, not to be caught in time."

Seabury contended the record "clearly proves" the mayor guilty of acts charged. They included accusations that he accepted sums from brokers for the removal of individuals; that he carried on hidden financial transactions through the now missing Russel T. Sherwood; in city compensation cases, he deflected windfall fees with his brother, Dr. William H. Walker; and that he failed to produce his financial records or testify frankly.

BANK SAFE STOLEN  
MAIDEN, N. C., Aug. 4. (AP)—Robbers broke into the Maiden Bank early today, skidded the safe containing \$4,000 in cash and \$15,000 in securities into the street and escaped with it in a truck.

## HIGHWAY NO. 22 OFFICIALLY DESIGNATED AT MEETING OF STATE HIGHWAY COMMISSION

Definite assurance that Highway 22 from Palestine to Hillsboro via Corsicana would be a reality within the near future was along the route by the Texas Highway commission at its meeting Wednesday in Austin, according to a statement made Thursday evening by Clay Nash, county judge, on the highway from the Corsicana delegation from the meeting.

"An order was entered on Highway 22 that the conditional designation of the highway from Corsicana east be made permanent and authorized the engineer, Gib Gilchrist, to advertise for bids for the dirt and drainage structures from Consolidated road district No. 1 line east of Eureka to the Trinity River as soon as the plans and specifications are ready," Judge Nash said. Judge Nash said that the plans and specifications would be completed for the dirt and drainage structures within the next few days. The Navarro county delegation pledged the right-of-way would be procured at once through the remaining distance of Navarro county and the corner of Freestone county to the Trinity River. Local officials have already procured practically all of the right-of-way.

## SEVEN PRISONERS MAKE BREAK FROM PRISON STOCKADE

**KILL TRUSTY IN ESCAPE;  
THREE LATER SLAIN  
AND TWO WOUNDED**

TUCKER PRISON FARM, Ark., Aug. 4. (AP)—Four convicts were killed and three wounded in a daring break from a prison camp stockade and a subsequent gun battle between the seven escaped convicts and officers today.

The seven convicts who killed a trusty guard and wounded another in making their break early today were surrounded by officers in a wooden section 25 miles from the camp and a battle followed in which three of the convicts were killed, two wounded and the two others surrendered.

R. C. Jones, a trusty guard who was credited by prison officials with organizing the break and killing Elise Howell, another trusty guard, was one of the wounded.

Howell, a crack rifle shot, was shot to death when he resisted attempts of the escaping convicts to take his rifle from him.

The conviction seized what guns and ammunition they could carry and disabled all other fire arms at the camp before fleeing on horses.

Cecil Allen, another trusty guard was struck over the head with a gun and slightly wounded when he also sought to prevent the escape, the first organized break from an Arkansas penal institution in ten years.

First reports from the 50 or more officers who were engaged in the search, part of whom took part in the gun fight, said that state which convicts were killed. Later advices, however, disclosed the convicts killed in the battle were Loy Smith, 23; J. D. Brown, 25; and Hershel Chaney, 23. The surviving four were burglars and grand larceny men. They were residents of Arkansas.

Everett Wackerly, serving a life term for murder in Franklin county, was shot in the right knee.

(Continued on Page 3.)

## TWO BANK ROBBERS ON WAY TO KANSAS PRISON THURSDAY

ELKHART, Kas., Aug. 4. (AP)—Fred Coffey and Fred Langley joined the ranks of unemployed bank robbers today after their plea of guilty to charges of participating in the holdup of the First National bank here July 14. Taken before Circuit Judge W. O. Rindom at Richfield yesterday the two admitted their guilt and in a few minutes were en route to the penitentiary at Lansing to start serving sentences of 10 to 20 years each.

They were taken to the prison by Sheriff Walter Ford of Morton county, who joined forces with Sheriff Colorado and Oklahoma peace officers in effecting capture of the two men.

Before his departure, Sheriff Ford said Ray Majors, the third man accused of taking part in the robbery, would be returned to Kansas for trial. He said he is able to leave a Shattuck, Okla. hospital. Majors was shot and a bullet following the robbery.

Jim Cox, a local man, and Jesse Pryor, all of Wichita, who have been held for investigation, were released.

Earned Credit.  
The highway commission acknowledged \$336,000 for work already done on Highway 22 east of Eureka. Judge Nash said. This credit is for the construction of the road to the district line east of Eureka, 18-feet wide. The road from Corsicana to the district line east was constructed entirely by the state. The district No. 1 funds and the state is to construct the remaining distance to the river. Judge Nash is of the opinion that the district line is completed due to the reduction in road costs during the past several months as compared with the cost at the time the Eureka slab was constructed. The right-of-way cost \$31,000 on the Eureka road but no credit is procured for right-of-way costs.

Harwell Was Spokenman.  
The needs of the construction of Highway 22 in Central Texas were stressed before the commission by Wm. O. Harwell, manager of the Corsicana Chamber

(Continued on page 7.)

# GOVERNOR STERLING WILL LIMIT MATTEI

# FOR CONSIDERATION

## RELIEF OF COUNTIES FROM HIGHWAY BOND ISSUES TO

**BE ONLY BUSINESS**

**AUSTIN, Aug. 2.—(P.)**—Governor R. S. Sterling said in a statement today that he would limit business before a special session of the Texas legislature he plans to call to meet next month to consideration of relief for counties of highway bond default.

He said he would not propose to the extraordinary session the salaries of state employees and administrators of departments and institutions be readjusted. He said he believed that matter should be left to the new incoming legislative session.

Governor Sterling expressed belief that the special session

"I have heretofore stated I will call a special session of the legislature after the primary to take care of the pending legislation. The way costs from the homes, farms and ranches, in time to be effective during 1933.

"It is my purpose to issue the proclamation under which for the special session, to be held immediately after the democratic state convention in Lubbock on September 13.

"The primary on August 2 of a new legislature will have been nominated. It will include a large number of new members, and many of the present members will be re-elected.

"I would deem it unfair to ask the retiring members, after new legislature has been chosen, coming fresh from the people's vote, to undertake to set up a new policy with respect to the readjustment of existing public salaries. That

proposed should be left, and will be left, to the people's elected representatives who will meet in regular session in January.

"Since the call will be limited to the one purpose of relief on highway bonds, it is my belief that work can be completed in less than a week."

## With Forfeiting Of Spring Hill Games Standing Changed

With the withdrawing of the Spring Hill teams from the Home Base Ball League, the remaining games on the schedule will be forfeited to the opposing clubs, unless the directors of the league meet and make another ruling.

By losing the forfeits for the remainder of the season on the schedule as adopted recently, the standing has been revised and all Spring Hill games forfeited are accounted in the standing. All managers are urged to look over the schedule and their own standing.

remaining contests and if the  
standing is not correct, advise this  
department. All games scheduled  
have been given the opposing  
clubs which Spring Hill is a  
scheduled participant.

**Christian Pastor  
And Family Go To  
Kentucky to Visit**

Rev. Thomas Lenox, pastor of  
the Christian church, and his  
wife, their daughter, Miss Ger-  
trudis, and son, Walter, left Mon-  
day for their former home, Cyn-  
diana, Kentucky, to be gone  
about a week. Rev. Lenox will  
revival while on this delight-  
ful pleasure trip for himself and  
family, and will also visit in  
Lexington.

**POWELL**

POWELL, Aug. 4--(Spl.)--The  
late Mrs. Jack Foster and chil-  
dren, Clara spent Wednesday  
with Mrs. Horner's sister, Mrs.  
Tom Ferguson.

Homier Ware has returned from  
Tusaton, La. His daughter, Mrs.  
Wyatt, Lyner, who has been  
ill, is improving. This

Misses Lois and Lota Ferguson are guests of relatives in Corsicana for the week.

Mr. and Mrs. John W. Carpenter and children, Carolyn, John and Ben of Dallas were visitors here Friday.

Mrs. Dock Lonon and daughter Miss Lillie, were in Corsicana shopping Saturday.

Mr. Killingsworth of Dallas spent Sunday with his brother,

L. Killingsworth.  
Mrs. John Christian was in Corvallis Wednesday shopping.  
Mrs. Bunch accompanied her younger daughter, Mrs. and Mrs. Sid Hays of Kerens, visited her aunt, Mrs. Hico, last week. They returned home Tuesday.  
Miss Jerry Jackson is home from an extended stay in Berkeley with her sister, Mrs. J. Willford.  
Mrs. Hervey of San Benito is visiting her father, W. T. Johnson and other relatives and friends here.  
Mrs. M. Stewart of Angus is visiting her daughter, Mrs. J. B. Henderson.  
Mrs. Mildred Noble of Kerens is guest of Miss Ethel Johnston.  
J. M. Price and group of high school boys are in Waukegan on a new day.  
Percy Christian is reported sick.  
Mr. and Mrs. Clarence Pevehouse and Mrs. J. A. Wilkerson of Blooming Grove spent Saturday here with home folks.  
Mrs. and Mr. H. H. Banks and son, H. R. returned Friday from a vacation trip to New Mexico.

## PICKETS ABANDONED SIEGE OF INDIANA COAL MINE TODAY

**BESIEGED MINERS, FOUR OF  
THEM WOUNDED, PERMIT-  
TED TO LEAVE MINE**

TERRE HAUTE, Ind., Aug. 4.—(P)—Union pickets early today abandoned their two-day siege of 65 workmen at the Dixie Bee coal mine as 820 Indiana National Guardsmen moved in to establish military control over the district. The pickets, who were without medical attention since Tuesday when they fought a pitched battle in which one picket was killed and four injured, were brought to a Terre Haute hospital. The picket line, which was roughly estimated at from 600 to 3,000 men, faded into the night as a detachment of 250 Guardsmen rushed to the mine at midnight to remove the injured. One of the workmen was struck by four bullets.

Haggard from their vigil against possible attacks by the riflemen encamped about the mine shaft, the non-union workmen said they believed arrival of six National Guardsmen late yesterday saved their lives. Pickets appeared to be preparing to rush the mine, they said, when the first plane swooped over the battle line. The planes were the advance guard of the infantry companies ordered here by Gov. Harry G. Leslie after repeated urgent requests from Sheriff Joe Dreher, whose force of deputies was helpless to combat the well-manned picket line.

Acting on behalf of Governor Leslie, Adjutant General Paul E. Tombaugh proclaimed the Dixie Bee mine and adjacent territory under military control effective at 9:30 o'clock last night. At that time, however, the full strength of the Guardsmen, under command of Col. Paul Seiberling of Jonesboro, Ind., had not arrived.

Late last night the governor, at Indianapolis, announced the negotiation of a virtual truce of hostilities at the embattled mine. He said after operators of the mine agreed to discontinue efforts to work the shaft with non-union labor pending a general wage settlement in the Indiana field, union representatives telephoned orders to disband the pickets. Immediate denial came from officials of the Dixie Bee coal mining corporation at Terre Haute, who said no officer of the mine had conferred with the governor. Mine officials said they had planned to resume hoisting of coal at the mine as soon as their employees recovered from effects of the long siege.

## INVESTIGATION OF OIL THEFTS IN EAST TEXAS AREA OPENS

DALLAS, Aug. 4.—(P)—An investigation of oil thefts in the East Texas field was under way today, directed by a committee of the American Petroleum Institute.

Planning to meet frequently for the next two months, the committee laid preliminary plans here yesterday, studying forms on which pipe line companies will be asked to make reports.

Jack Pew, chairman, said the committee faced much work, if evidence submitted to it were true.

The committee recently was appointed by Amos L. Beaty of New York, president of the institute. In addition to Pew, members are Capt. J. E. Lacey of Dallas and Col. Louis S. Davidson, commander of State Militia in East Texas.

## Double Execution Scheduled for State Prison Early Friday

HUNTSVILLE, Aug. 4.—(P)—The first double execution in several months will occur early tomorrow morning at the state prison here, barring executive intervention.

John L. Green and Ernest Johnson, both negroes, will be executed for the murder of Frank Kamp, a white dairy farmer in Medina county in June of last year.

The prosecution in the trial assigned robbery as the motive. Kamp was beaten to death. Warden W. W. Wald of the prison said Green was tried in Medina county, where the crime was committed, but Johnson's case was transferred to Caldwell county for trial.

To Seek Reprieve. AUSTIN, Aug. 4.—(P)—Attorneys for John L. Green, and Ernest Johnson, negroes, condemned to die in the electric chair shortly after midnight tonight, planned to appeal to Gov. R. S. Sterling for a reprieve.

The governor is out on a campaign tour, but the attorneys, advised his office that the governor would be asked to grant a stay. The governor planned to appear at Ennis tonight.

An adverse report was given by the board of pardons and paroles. The two were convicted of the murder of Frank Kamp, Medina county dairyman.

## Wortham Gets Its First Bale of 1932 Cotton On Monday

NORTHAM, Aug. 3.—(Spl)—Wortham received its first bale of cotton late Monday afternoon, Aug. 3. The cotton was raised by Emmett Boyd, a farmer who lives three miles south of Wortham, and who has brought in Wortham's first bale for the last four years.

The cotton was ginned at the Posey & Lindsey gin here, and was sold to Joe Bledsoe, cotton buyer. A small premium and all netted the bale \$51. The bale weighed 606 pounds.

Wortham's first bale of cotton was received last night on Aug. 11, and was also brought in by Emmett Boyd early in the day and the second bale received on the same day just a few hours later.

## MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

PERT BOW - PERT CAPS  
PATTERN 2388

STEP-BY-STEP INSTRUCTION  
DIAGRAMS INCLUDED WITH  
THIS PATTERN

By ANNE ADAMS

Here again we find one of the simplest bows of the season, fashioned of colored organdie—awfully new—taffeta, or ribbon. The dress boasts of tricky seaming and smart cap sleeves. Cottons or silk prints are so captivating this season, so gay, so economical, so cool and so easy to make in our "easy-to-use" patterns. We only "easy" by doing and here's an excellent chance. Long sleeves are included.

Pattern 2388 may be ordered only in sizes 16 to 20. 34 to 42. Size 16 requires 2 5/8 yards 42-inch fabric and 1 7/8 yards ribbon.

Send Fifteen Cents (15c) in coins or stamps (coins preferred), for each pattern. Write plainly your name, address and style number. Be sure to state size wanted.

Our beautiful 32-page Fashion Catalog offers you an opportunity to choose delightful morning, afternoon and evening models suitable for wear right now and all through the summer. Featuring styles personally chosen by Anne Adams, this catalog is an accurate guide to summer chic. Lovely lingerie and pajama patterns and adorable kiddie models are included in this fascinating book. Send for your copy today. Please enclose Fifteen Cents. Catalog and Pattern together, Twenty-five Cents. Address all mail orders to Corsicana Daily Sun Pattern Department, 243 West 17th Street, New York City.

## PANHANDLE WHEAT FARMERS CHEERED BY NEWS OF LOANS FOR PLANTING THIS WINTER

AMARILLO, Aug. 2.—(P)—Panhandle wheat farmers were cheered today by the announcement of Congressman Marvin Jones, chairman of the agriculture committee in the national house, that they would be able to obtain loans from the government for planting winter wheat.

Jones received a letter yesterday from C. W. Warburton, director of extension work in the nation, that the latter act passed in the last days of the recent session of Congress had authorized the secretary of agriculture to resume crop production loans from the balance left in the \$200,000,000 fund set aside for agriculture in the Reconstruction Finance Corporation act.

"Crop production loans can be met under the original authorization, which loans the secretary is now directing to continue," Warburton wrote.

Jones, who made inquiry in behalf of wheat farmers of this area, many of whom are in dire need of aid in the face of a small yield this year, said the loans would be made in the same manner as those made last spring. Applications will be made through local committees, and the loans will be passed upon by the state organization at Dallas, headed by Owen W. Warburton.

Warburton wrote that loans for livestock, dairy and poultry production would be available through agricultural credit corporations to be set up in intermediate credit bank districts as recommended by the Reconstruction Finance Corporation.

"Crop production loans can be met under the original authorization, which loans the secretary is now directing to continue," Warburton wrote.

Thus does it summarize improved bond prices, increases in what a number of important commodities bring, an ending of foreign gold withdrawals and a stop in stock market liquidations.

In July, the department says, the things among which contributed to an improvement in sentiment that improvement necessary to a full restoration. The favorable factors were considered especially interesting since they followed further recessions in June.

In the latter month, for instance, factory payrolls were off another 7.8 per cent; exports declined; the 298 commodity prices changed.

But in July, after allowances for reasonable changes, several industries showed increased activity. Among these were automobile, textile, cement and tobacco. The department did not say so, but experts in Washington recalled that the end of previous deflationary period was chronicled in similar fashion. Gradual upward movements, beginning in summer months, prefaced continued increases in commodity prices in the winter.

In many instances, vast improvement was not noticed until six or seven months after the actual change.

## DALLAS ATTORNEY WOUNDS HIGHWAYMAN NEAR NACOGDOCHES

NACOGDOCHES, Aug. 4.—(P)—T. K. Irwin, Dallas attorney, shot and critically wounded one of two robbers who tried to hold him up on the highway seven miles west of Nacogdoches early today.

Irwin was en route to Nacogdoches to try a lawsuit, traveling alone. The two robbers stepped in front of his car and waved flashlights. As he came to a stop one came up on each side of his car, covering him with pistols. They were masked.

Grabbing the pistol which lay on the seat beside him, Irwin fired at the nearest robber. The man staggered back and fell in the road. The other ran back to a clump of bushes beside the road and fired several times at Irwin.

Irwin started his car again and after firing at the man in the bushes, drove to Nacogdoches, where he reported the attempted hold up. Officers went out to investigate and bring the wounded robber to a hospital.

But when officers arrived at the scene of the shooting, they could find no trace of the wounded robber. It was assumed that his confederate had carried him away. Rainfall had obliterated tracks and officers were at a loss to tell in which direction the pair fled.

Physicians and officers in Nacogdoches and other East Texas towns were notified to be on the lookout for the wounded man and his companion.

Miss Janice Langston, of Houston, who was seriously hurt in an automobile accident some time ago, was resting nicely Thursday at the P. and S. hospital.

## TAXPAYERS PLAN PRESENT PETITION TO COMMISSIONERS

**MAKING EFFORT TO HAVE  
COUNTY TAX RENDITIONS  
REDUCED AT ONCE**

A meeting of tax payers from practically all sections of the county was held Thursday morning at the Navarro Hotel and plans were perfected for an appeal to the commissioners' court for a reduction of 25 per cent in rendition, it was announced by A. Allison following the meeting.

Mr. Allison stated that the recent order of the commissioners' court for an election to give the people an opportunity to vote on the question of removing the 10 per cent road maintenance tax had created much interest among the taxpayers. He said that the discussion of the recent court order was one cause of the meeting Thursday morning and the taxpayers have become interested in ways and means of deducing taxes.

The petition for the reduction of the rendition of property will be presented at a meeting of the commissioners' court held Saturday morning at 10 o'clock. Mr. Allison said and he expects a large number of taxpayers from all sections of the county to attend.

Mr. Allison said that other counties over the state had reduced renditions 25 per cent and the people of this county were making an effort to secure a like reduction here in order that they might have to pay no more than their equitable share of the state taxes.

## HOUSTON BUSINESS MAN FOUND DEAD IN GAS-FILLED ROOM

HOUSTON, Aug. 4.—(P)—J. L. Worsham, president of the Worsham Brothers Motor Company, was found dead in the gas-filled bath room of his home today. Justice Campbell R. Overstreet returned a verdict of suicide.

The body was discovered by J. M. Mills, now chief county probation officer and recently elected district clerk. Mills is Mrs. Worsham's brother.

Justice Overstreet said members of the Worsham family were at a country place where Worsham was to join them late yesterday afternoon. When he failed to appear, Mills and Mrs. Worsham went to the town home seeking him. They went upstairs and saw Worsham's coat and hat in an upstairs bedroom. Mills investigated further and found the body.

Members of the family were unable to explain Worsham's act.

Ramsey prison farm, near here, was exonerated today, said Lee Simmons, manager of the prison system.

The two men, Andrew Tallmontis of Houston and Rafael Bocas were cutting wood late yesterday. Simmons said. Tallmontis told Bocas to pile up some brush and was giving him instructions which Bocas resented. Mr. Simmons said Bocas struck Tallmontis with his ax, killing him. He drew back to strike again, Simmons said, when the guard fired, killing Bocas.

RAMSEY PRISON FARM, Aug. 4.—(P)—Two Mexican prisoners were killed here last night after a fight among prisoners in which one was struck with an axe and another was shot to death.

Andrew Tallmontis of Houston was killed with an axe in the fight. Rafael Bocas was shot to death.

Details of the double killing were meager. Lee Simmons of Huntsville, general manager of the prison system, was home here early today to investigate the killings.

TREASURY FIGURES. WASHINGTON, Aug. 4.—(P)—Treasury receipts for August were \$4,382,223.53; expenditures \$30,995,402.35; balance \$602,269,272.62. Customs duties for 2 days of August were \$1,661,048.15.

## Haystack And Automobile Burn On Burke Farm

A peculiar accident is reported to have happened to J. O. Burke, well-known local landowner and banker, Wednesday morning when a haystack and automobile burned several miles east of Corsicana.

Mr. Burke had driven his automobile close to the haystack. When he started to leave, the wheels of his car began spinning. It was reported, and he was unable to get the car away. Heat or flames from the haystack ignited the haystack, it was reported, and both the haystack and car were destroyed.

The owner of the car caught a ride back to Corsicana with Deputy Sheriff Jack Floyd, who came along shortly after the fire.

## NATIVE OF NAVARRO COUNTY, 79, DIED IN EMHOUSE COMMUNITY

J. A. West, aged 79 years, native of Navarro county, died at the home of his sister, Mrs. Fannie Stokes, where he made his home, Thursday morning at 11:15 o'clock and the funeral services will be held from the Stokes home some time Friday with burial in the West cemetery at Grange Hall. It was learned here Thursday afternoon by relatives.

Surviving are two brothers, J. J. West, Fort Worth, and A. J. West, Dallas; a sister, Mrs. Stokes, and a number of nieces and nephews. He was a twin brother of A. J. West of Dallas. Mr. West was an uncle of J. E. Stokes of Corsicana.

Bruce McCormick of Blooming Grove has charge of the funeral arrangements.

## C. L. MATTHEWS, SR. NAMED MANAGER NEW GULF SERVICE PLACE

C. L. Matthews, Sr., has been appointed manager of the new Gulf Service station, to open Saturday on Highway 75, across the street from the Pickering Lumber Company, E. E. Babers, Gulf official, announced Thursday morning.

The staff also includes Ed Wilson and Leslie Crouch. The Gulf station was recently completed by A. E. Haslam and embodies all the latest innovations in providing automobile drivers the most efficient service. In addition to servicing cars, with Gulf products, washing and greasing will be done by experts.

Mr. Matthews, a veteran garage and filling station operator, here, has a host of friends who wish him success in his new enterprise, and whom he invites to visit him at his new location.

B. Tinkle was resting nicely Thursday afternoon at the Navarro Clinic.

## COTTON ACREAGE SLASHED IN SOUTH ACCORDING REPORT

**SUPPLEMENTAL FIGURES  
PRESENTED BY MISSISSIPPI COMMISSIONER**

JACKSON, Miss., Aug. 3.—(P)—A supplemental south-wide crop report issued today by Commissioner of Agriculture J. C. Holt said substantial increases in food and feed planting were indicated along with a ten per cent cut in cotton acreage and boll weevil infestation.

The report, based on returns from a series of questionnaires, he said, substantiated information contained in a preliminary survey of two weeks ago which told of widespread boll weevil infestation over the cotton belt and general curtailment of planting under the 1932 crop.

Holt pointed out that the reports were private opinions obtained from good authorities such as department of agriculture, extension station directors and entomologists, and regarded as "reliable" though necessarily unofficial.

The acreage figures included in the reports were taken from the official government report of July 1, last.

The supplemental reports by states included: Arkansas—Cotton acreage three per cent below last year. Louisiana—Cotton acreage 10 per cent off.

Oklahoma—Cotton acreage decreased 11 per cent. Texas—Cotton acreage reduced ten per cent.

TO THE VOTERS AND CITIZENS OF PRECINCT NO. 1.

It is impossible to express in a newspaper my thanks and heartfelt appreciation to you who so loyally and fearlessly stood by me in my race for Commissioner and I hope to be able to convey to you personally at some future time, just what is in my heart. It shall be my desire, aim and purpose to serve every citizen and taxpayer in this precinct, whether my supporter or otherwise, in an impartial, economical and intelligent manner.

JACK MEGARITY. (Pol. Adv.)

TO THE PEOPLE OF NAVARRO COUNTY.

I deeply appreciate the endorsement given my candidacy for representative from the Sixth district by more than 2500 Navarro county voters. This expression of confidence resulted in my having a lead over my nearest opponent for this office by more than 1000 votes.

I sincerely trust that I may continue to merit your support and influence in the second primary, and if nominated and elected, please that all my efforts will be used to the best of my ability in your behalf.

ROBERT W. CALVERT. (Political Adv.)

Mrs. Currie Butler continues to improve at the P. and S. hospital following an operation there recently.

## Peace Move

(Continued From Page 1.) "The American nations . . . will not recognize any territorial arrangement of this controversy which has not been obtained by peaceful means."

Bolivia gain by use of arms, the fruits of conquest would be non-existent to the 19 neutrals. The note was signed here by representatives of the United States, Colombia, Uruguay, Cuba, Mexico, Peru, Brazil, Argentina, Chile, Guatemala, Venezuela, Haiti, Dominican Republic, Honduras, Ecuador, Panama, Nicaragua, Costa Rica, El Salvador.

## Bolivia Plans Have Huge Army in Chaco

PERICO, Argentina, Aug. 4.—(P)—Bolivia plans to have 11,000 troops in the Chaco region in a few days, General Mariaca Pando, commander of the fourth division said today on his arrival at Yacubá, near this border town.

There are now 6,000 well-trained men in the trouble area, he said, and he passed 16 trucks filled with equipment and materials on their way to the "war" zone. Bolivian military officials denied airplanes had bombed the foreign Mennonite colony in the Chaco and they scoffed at Paraguayan reports that Bolivian troops were deserting and crossing the border.

A troop movement was delayed six hours, they said, when a bridge between Villazon and Villamontes was burned by incendiaries. Engineers repaired it and posted guards with machine guns there.

GENEVA, Aug. 4.—(P)—Bolivia's statement that she "does not refuse" recourse to arbitration in her dispute with Paraguay reached the League of Nations secretary today after a delay in

## IOOF SECRETARIES WILL MEET AT HOME HERE NEXT MONDAY

The twelfth annual meeting of the I. O. O. F. State Secretaries' association will be held at the I. O. O. F. Home here Monday. It was announced Thursday by Ross Harris, superintendent of the institution.

Much interest is being shown in the meeting this year and a large attendance is expected. Registration opens at 8 o'clock Monday morning and all secretaries, scribes and clerks are expected to register before the session opens at 9 o'clock.

from Paraguay giving further details of recent events in the Gran Chaco.

There also were communications from other League members, several of whom asserted their willingness to support the course the League has followed in its attempts to restore peace. Paraguay already has assumed the league's proposal to arbitrate.

There is some doubt here whether both those countries take the same view of arbitration. It is believed Bolivia would limit discussion to the question of territory while Paraguay would enter into the merits of the dispute.

Concerning intervention by the League, it is understood that members of the council believe that the American states which have taken the initiative to bring about a settlement will continue their negotiations and will succeed. In the past the League policy in such matters has been to encourage efforts by friendly neighboring states.

Mr. and Mrs. W. H. Evans and son, Harvey, of Corsicana, have been visiting relatives in Corsicana and Richland the past week. A picnic was given in their honor Saturday. Those present were Mr. and Mrs. Evans and son, Harvey, of Corsicana; Mr. England, Mrs. Jesse Humphries and family, Mrs. Adria McCullough, Mr. and Mrs. Dub Humphreys, Mr. and Mrs. Jones and daughter, Miss Geneva, of Mildred; Dr. J. Edgar, Mrs. E. S. Allen and children, Mrs. M. L. Blood and daughter, Miss Georgia; Mr. and Mrs. J. W. Garland and baby.

A number of the members of the Methodist church enjoyed a clean-up day at the church Tuesday.

Mr. and Mrs. Forrest Williams, accompanied by their daughter, Marjorie, and Mr. and Mrs. Fred Williams, are visiting in the home of Mr. and Mrs. J. I. Ferguson and other relatives.

J. I. Patman was a Corsicana visitor Tuesday.

Charlie Elder of Bardwell visited Helen Elkins Saturday and Monday nights.

Mrs. W. E. Harrington of Frost visited in Emhouse Monday.

Mr. and Mrs. Hugh Parrish and family, and Tence Tinkle are visiting Mr. and Mrs. Dick Cook at Shamrock.

Robert Bergoon visited relatives in Dallas over the week-end.

## HOT CAMPAIGNS FOR COUNTY RUN-OFF ARE GETTING UNDER WAY

### SEVERAL LOCAL RACES AND GOVERNOR'S RACE HOLDING INTEREST

Navarro county politics are expected to become warm preparation for the second democratic primary election which will be held Saturday, Aug. 27. Local and state races here have experienced a full following the heated first primary election.

The Sterling and Ferguson forces have been laying plans for the run-off campaign. No official announcements relative to speaking engagements, etc. prior to the second primary have been announced by J. S. Murchison, Sterling manager, and J. R. Cunningham, Ferguson manager, but literature is being distributed and a real campaign is anticipated in the gubernatorial race.

With the withdrawal of T. A. (Tom) Farmer in the tax collector's race, leaving R. L. (Bob) Harris in the race, and Fred White in the sheriff's race, leaving Rufus Favehouse, present incumbent, in the race, the interest locally will be shifted to the district judge's campaign, present incumbent, and Warren Hicks, the two men engaged in a run-off campaign four years ago.

Friends and supporters of both Scarborough and Hicks are marshaling their forces for an intensive campaign and bid for the votes cast in the first primary election for A. P. (Gus) Mays who polled almost as many votes as the two high men in the race.

There will be several hotly contested precinct campaigns. Grantham and Clarence B. Powell the seeking the constableness of precinct 1.

Sam E. Jordan and H. B. Pope were left in the run off election for justice of the peace, precinct 1, place 2. Mr. Pope died following the canvassing of the returns of the first primary election. W. T. McFadden, third main in the race, placed on the ticket with Jordan in the place of Pope, but it has been intimated that the name of Jordan will go on the ticket unopposed at the headquarters of the Navarro county democratic executive committee. It has been rumored that the question would be submitted to the state executive democratic committee at its meeting Monday, but this also has been denied.

D. D. Sawyer and M. W. Roberts are in a run off race for the commissionership of precinct 3. Both are residents of Dawson. Sawyer is the present incumbent.

As soon as the state executive committee canvasses and declares the run-off ticket in the state races, the Navarro county democratic executive committee will take the ticket printed for the second primary election and the election supplies will be prepared for the county. It is expected absentee voting will be allowed on the day of the latestness of the meeting of the state committee to canvass the returns.

## Veterans

The state highway department offered to take the overland westward by truck.

Johnstown, apprehensive from the day the veterans began pouring in to the city after being routed at Washington, took interest in the evacuation. Crowds lined the streets as the tattered columns marched trainward behind a band that played martial music.

JOHNSTOWN, Pa., Aug. 4.—(AP)—Huddled silently about smoldering bonfires, their meagre belongings tucked away in sacks and nondescript bundles, the bonus expeditionary force waited to be taken home today.

Beyond camp fire smoke screens Baltimore and Ohio Railroad trainmen sped preparations to move another trainload of men and their families.

Mayor Eddie McCloskey announced that western units will continue moving out through the Baltimore and Ohio station, Kansas City and a part of the St. Louis contingents left during the night. Camp officers said between 900 and 1,000 men left on the 14-car special train but other observers estimated not more than 500 men were on the train when it pulled out.

The Johnstown Chamber of Commerce leaders stated last night that it had made arrangements to finance the exodus of all visiting veterans from this locality. The chamber refused to name the source of the funds but were received by the Associated Press learned the Bethlehem Steel Company which has a large plant here has agreed to pay for the special train.

But one delegation, Illinois, had definitely decided to convene immediately on its state capital as the first group of its squad camped at the state capital, Springfield, Ill., was the goal of the group which was taken to Chicago.

Leaders of other contingents held only tentative plans for immediate action although the majority said they expected to eventually set up camps at their capital cities.

**Waters Optimistic Over Khaki Shirts**

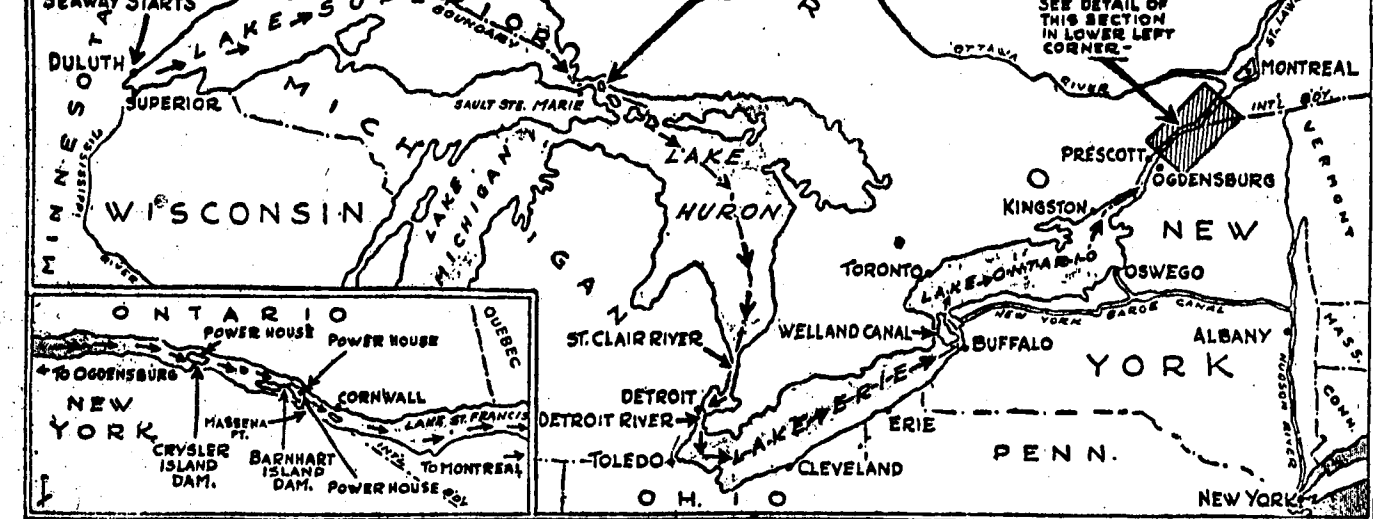

WASHINGTON, Aug. 4.—(AP)—Promises that the ever-traveling E. F. can camp in "several places" led its leaders to predict today that the new khaki shirt organization is "somewhere else" as well as home.

Walter W. Waters, chosen head of the bonus hunting veterans when they were in Washington, was one of the forecasters. He declared for the time being to say where his proposed 48 state tent cities would be established. At his headquarters, however, it was said hundreds of people had been promised by telegram and letter to don khaki shirts and become part of a new political organization fighting the battles centering around the politics.

E. F. chiefs here declined to agree with Secretary Hurley's statement that regular army troops chased veterans out of the camps with "unfriendly humor and kindness." They differed, too, with the war secretary's estimate that one-third of those

## Scene of Project to Bring Ocean to Middle West

United States-Canadian Treaty Provides for 1,677-Mile Waterway from Montreal to Duluth. Two Million Horsepower Hydro-electric Plant a Feature of International Plan.

Above is the Great Lakes-St. Lawrence River area in which the United States and Canada are to create an international seaway reaching from Duluth, Minn., to Montreal, Canada, giving access to the Middle West to ocean commerce. The project is to cost approximately \$800,000,000, will employ about 20,000 men and require seven years to complete. A treaty for the enterprise has been agreed to by the Washington and Ottawa administrations. In inset is shown the territory extending for 48 miles on the border of New York State which is involved in the power development program, calling for the construction of two dams and powerhouses which will generate 2,000,000 horsepower. This feature of the plan has met with opposition by New York State authorities, who take the stand that the matter of cost should have been agreed upon by the State and Federal governments before any treaty with Canada was completed. It will be recalled that Governor Franklin D. Roosevelt offered to confer with President Hoover on the matter recently, but the Chief Executive took the position that the project was solely a matter for Federal handling. So the international arrangements were concluded without New York State having a voice in the matter. Officials are incensed at what they believe to be the usurpation of State rights in the power question and a legal battle is expected to ensue. New York officials further assert that the State's share of the cost of the undertaking (\$150,000,000) is double what it can afford to pay if distribution of power is to be kept within cost of public production.

bivouacked here were not veterans. All this preceded the reopening by grand jury of its investigation in which it was charged specifically to find what part agitators and radicals played.

**Hillbush Man Found.**

COLUMBUS, O., Aug. 4.—(AP)—Imprisoned three days in a box car, Francis Hubert, 47, of Hillbush, Texas, was removed today to the city jail for treatment of a foot injury he claimed to have received when stepped on by a cavalry horse while at Washington troops routed the bonus seekers. Hubert claimed he was shoved in the box car by troops and the door slammed. He said he had been there since Sunday without food or water.

## Proposed Maryland Camp Is Deserted

WATERBURY, Md., Aug. 4.—(AP)—The four-day old "Camp Waters" was deserted today with only a few tent poles, ashes of numerous campfires and a newly cut road remaining on the site of the once proposed haven for the bonus expeditionary army.

With the aid of members of the Maryland state police, men and women campers moved out late yesterday, some returning to their homes in various parts of the United States and others accepting employment in nearby communities.

Captain Edward McK. Johnson in charge of the state police detachment informed the campers the colony was to be abandoned. "Which way are you going?" he asked. "We'll help you." The state police aided the veterans and their families to pack their belongings into the automobiles and sent them on their way. One policeman remained on guard.

The camp started Sunday, the day after Mrs. Maud Edgell of Catonsville gave the land to Walter W. Waters, leader of the veterans for a dollar. It was abandoned by Waters on the advice of Governor Ritchie.

**Veterans Camp at Gettysburg**

GETTYSBURG, Pa., Aug. 4.—(AP)—More than 200 men, women and children, but 38 of them refugees from the Washington bonus veterans' camp, today settled down for what they said would be an indefinite stay at a tourist's camp adjoining the national cemetery.

The 38 were on their way to the capital, footsore and weary from six weeks on the road from California, but decided to stay here after they were told of Washington conditions.

Others settled here last Monday. Leaders said food is on hand for two and a half days.

**Germany**

(Continued from page 1.) reichstag would not be held in session until Aug. 30, the end of the 30-day period allowed by the constitution after the election.

Alfred Hugenberg's nationalist newspaper, Lokal Anzeiger, generally well-informed on German political conditions, said Hitler was willing to share governmental responsibility in a new cabinet, but will make his demands high.

President Von Hindenburg, however, and the members of the present cabinet, it said, intend to keep the cabinet functioning without any outpoken partisan character.

**Wealthy Rancher Taken By Plane For An Operation**

ARCHER CITY, Aug. 4.—(AP)—W. H. Taylor, prominent rancher, old man and capitalist, was rushed to New Orleans today by ambulance plane to undergo an emergency operation. The plane left Archer City at 8:20 a. m. It was due to reach New Orleans at 2:30 p. m. Taylor was accompanied by his wife; his family physician, Dr. Paul K. Conner, and his brother-in-law, Charles L. Abercrombie.

**Notice**

I wish to announce that along with the repairs and improvements to my gin that I have secured the valued services of Mr. C. E. McElyre, who needs no introduction to the farming public of Navarro county, and I want to further assure you that it will be our ambition to give everyone the best of service and attention, and will greatly appreciate your patronage.

W. Y. BANKHEAD  
(Successor to Corsicana Gin Co.)

**Justice Court.**

Two were sent to the county farm Wednesday to work out fines by Judge J. L. Cox. One was charged with drunkenness and the other with simple assault.

Judge Sam E. Jordan set \$250 bond in a case against a white man for alleged forgery Thursday morning to await the action of the grand jury.

## Murder Trial

(Continued from page 1.)

avistrix, who was Lancaster's flying partner and once his fiancée, was called back to the witness stand for cross examination after three and one-half hour session in which she told of her love for the aviator and Clarke, to whom she became engaged as he wrote a story of her life.

The woman gave a graphic picture of the loves of her life in her testimony as a court's witness.

She said she had loved and admired Lancaster and planned for almost five years to marry him. Then she told of her sudden infatuation for Clarke, during Lancaster's absence on a business trip and of subsequent intimacies between her and the author decided to marry.

Woven through her story were accounts of contemplated suicides and an end to the difficulties—financial and emotional—of the three.

When she and Clarke reflected their apparent unfaithfulness to Lancaster in his absence, she testified they once considered mutual suicide.

She described the efforts of the three—living together in her house here—to eke out a living; how Lancaster, writer of the love for an attempt to earn money in an aviation venture; how she and Clarke started penning her life before she was married.

Mrs. Keith-Miller today faced cross questioning regarding the actions of the trio on the night before the plane crash at her home last April.

## Borah

(Continued from page 1.)

turn them into productive channels.

Disarmament would result in relieving heavily taxed European citizens and return them to the buyers of American goods, the Senator said in address. American foreign trade has declined to about one-third of what it was in 1929 and its fall accounts for many millions of this nation's unemployed he said.

There will not be any restoration of confidence in this country until America is assured that Europe will not become involved in another war, the Senator predicted. "Disarmament must be brought about to restore confidence at home and abroad. At present 85 per cent of the taxes Europe are extorted for the purposes of war."

**United States Is Planning For Meet**

WASHINGTON, Aug. 4.—(AP)—Despite Senator Borah's iterations that a world economic conference which ignores debts and reparations would be a waste of time, another government stuck to another view and went ahead today planning participation in the meeting it has agreed to join.

The State department remains quiet about the last Borah speech, assuming that its decision to meet without discussing specific tariffs, reparations and debts was sufficient answer.

John F. Costello, democratic national committeeman for the Dis-

## Lamont Quits

(Continued from page 1.)

President. The department was organized in 1903 to include labor activities, which were taken away for a new branch in 1913. Since then it has spread out until the commerce department now has 15,000 employees.

Lamont's resignation made a fourth change in his cabinet line-up. James W. Good died in 1920 and Patrick J. Hurley took his place as secretary of war; James J. Davis quit the labor department in 1920 to go to the senate and William N. Doak replaced him; Andrew Mellon went to the ambassadorship to Great Britain last February and was succeeded as secretary of the treasury by Ogden L. Mills.

Exactly what Lamont, Chicagoan, intended to do was not announced. He was out of town when the president accepted his resignation.

**Chapin Salesman-Optimist.**

DETROIT, Aug. 4.—(AP)—Roy D. Chapin, Detroit's prize-winning salesman and always an optimist, intends to sell his optimism to America in his new position as secretary of commerce.

Chapin, on his return here from Washington, where he accepted the appointment to the cabinet yesterday, declared there is no doubt that the "depression has run its course" and that "the job now is to unleash the buying power."

His giving no details as to his program in the national administration, Chapin made it plain he will work toward bringing about an improvement in commodity and general prices which will make business profitable.

WASHINGTON, Aug. 4.—(AP)—Robert P. Lamont, who has just retired from President Hoover's cabinet, will be elected president of the American Steel Foundries Institute on August 15, it was announced today by Charles M. Schwab, chief executive officer of the institute.

An announcement of Lamont's selection as head of the steel institute followed reports that this important steel trade body had far reaching plans for extending its influence in the steel trade.

Lamont served as president of the American Steel Foundries for many years before he resigned to enter the Hoover cabinet as secretary of commerce. His association with the Steel Foundries Co., Mr. Lamont, before severing all his private business connections on entering the cabinet, was as president of the American Steel Foundries Co., Montgomery, Ward & Co. Incorporated, and as president of the Illinois Bell Telephone Co.

trict of Columbia, today called for a speech from the tribune and said "I haven't any doubt in my mind that everybody in the United States will agree with him, regardless of party."

There is a frequently expressed hope elsewhere that the disarmament the Idaho Senator and President Hoover both want can be obtained in another way. Re-arming armaments, it is said, have not shown great progress. But should the leading powers get together at an economic meeting, better feeling would result. That would bring Europe back to disarmament agreements, it is hoped and find the United States ready to discuss war debts.

**To the People of Navarro County**

I desire to express to you my appreciation for the splendid vote given me for District Judge on July 23rd, and sincerely hope that the friends of the candidate who is not in the second primary will vote for me in the second primary, as well as those who voted for me in the first primary.

On account of my duties I will be unable to see every voter in Navarro county, and ask that my friends aid me in my race. If re-elected I will promise you a sincere, faithful, honest and economical administration.

Yours truly,  
HAWKINS SCARBOROUGH.

## Joaquin Visited By High Wind And Heavy Fall of Rain

JOAQUIN, Aug. 4.—(AP)—A child was cut by flying glass and property damaged to the extent of \$1500 by a windstorm which swept through Joaquin late yesterday, accompanied by heavy rain and hail.

Floyd Taylor, 3, was cut about the face when windows in the Taylor home were shattered.

## R. C. LOYD BURIED AT BLOOMING GROVE TUESDAY MORNING

BLOOMING GROVE, Aug. 4.—(AP)—Funeral services for R. C. Loyd, aged 55, who died Monday morning, Aug. 1, were held Tuesday morning at the Central Baptist church, with burial in Rose Hill cemetery. The services were conducted by Rev. E. L. Williams, pastor of Central Baptist church, and Rev. E. L. Jones, pastor of the First Baptist church.

Surviving are his wife, one sister, Mrs. M. G. Young, Dallas; two brothers, Frank Loyd, Shreveport, La., and Everett Loyd, San Antonio.

The services at the cemetery were conducted by the Masonic lodge.

Fallbearers were Robert High, Jack Gill, Edward Harris, Lonnie Powell, Jack Phillips, C. L. Tillman.

Honorary Fallbearers—Dr. C. C. Kelsey, Dr. Newton, R. L. Harris, E. R. Young, Homer Wharten, George Mabry, J. W. Harris, J. M. Tullis, C. L. Nash, J. H. Martin, Eugene Martin, Joe Garner, L. P. Levett, Perry Leverett, Clarence Pevhouse, Jay Sewell, G. H. Brown, Gordon Page, Will Roy High, R. W. George, John George, Earl Magee, Jim Glenn, Claude Dunn, John E. Haden, Henry Mabry, Justin MacSpadden, Tom George, E. J. Glenn, S. A. Roberts, H. E. Dillingham, Cobe Taylor, W. G. C. Ingram, Will S. Knight, P. E. Wood, Roy Jenkins, Will Jenkins, J. B. Stiles, J. W. Bryan, Fred Cathey, Robt. Stell, Sr., Robert Douglas.

Among those present from out of town were Mrs. Will S. Knight, Mrs. R. E. L. Marshall, Mrs. Paul Haden, Mrs. C. B. Haley, Mrs. Chas. Haden, Mrs. J. Haden, Mrs. Beverly Caldwell, Mrs. A. Smith, Italy, Eugene Martin, Judge, Mrs. J. D. Stokes, Bill and Vivian Stokes, Mrs. Joe Germany, Mrs. R. E. Estes, Mrs. Sam Freeman, Mrs. M. G. Young, Mrs. Daisy Loyd, Rex Young, Everett Loyd, Dallas; Mr. and Mrs. Lealla Loyd, Frank Loyd, Shreveport; Mrs. A. J. Loyd, Mr. and Mrs. Porks Stovall, Mrs. Ed Sweet, Miss Nann, Mrs. Morris, Miss Jodie Brooks, E. W. Wood, Mrs. C. W. Wood, Eugene Martin, H. Martin, Italy, Mrs. Joe Glenn, Miss Helen Glenn, Waxahatchie; Mr. and Mrs. Will Jones, Parks; Mrs. Very Grant, Fort Worth, and Forham, Amarillo.

## Highway 22

(Continued from page 1.)

of Commerce and a member of the local delegation. The commission agreed to accept funds tendered by Navarro county and acquire the right-of-way on a new location of Highway 22 from Corsicana west toward Hillsboro via the route of the old road to the Hill county line and to let contracts on this road as quickly as engineering details will permit. The road from the Hill county line to Hillsboro will be constructed as soon as Hill county furnishes the right-of-way and County Judge M. W. Wood of Hill county said the right-of-way would be secured at once. Judge Nash continued, the commission is reported to have agreed to let the contracts in Hill county on Highway 22 as soon as the right-of-way is secured and the completion of surveys now being made.

**Delegations Present.**

Delegations were present from Navarro, Anderson, Hill, Hamilton and Bosque counties in the interest of Highway 22. Judge Nash said.

Local enthusiasts who attended the session of the State highway commission Wednesday included Clay Nash, county judge; Bill Harwell, Guv M. Gibson, J. E. Butler, Ted B. Ferguson, A. F. Mitchell, county engineer; George W. Boyd, and J. Wesley Harris,

## MUCH CREDIT GOES CHAMBER COMMERCE HIGHWAY SUCCESS

### ORGANIZATION HAS BEEN ACTIVE IN SECURING ROAD DESIGNATION

A real economic achievement as well as a convenient traffic artery that will open new territory was the way William O. Harwell, secretary of the Corsicana Chamber of Commerce, presented the results of the visit of the Corsicana delegation to Austin and the final designation of highway 22 from Corsicana to Palestine as a state highway.

Discussing the economic importance of the achievement, Mr. Harwell estimated that during the coming year taxpayers of Consolidated Road District No. 1 would have to pay approximately \$120 per \$100 of valuation. The road would have the \$2,600,000 road bonds voted to create the present highway system of the county.

In the building of highway 22 south of the state highway and Eureka, Navarro county has expended some \$33,600 or approximately 13 per cent of the total issue. With the securing of the designation of the road, the highway department, and in the event that one cent of the gasoline tax or other equal measures are passed at the called session of the legislature, it will mean that these taxpayers will be saved 13 per cent of the present tax rate required to retire the bond, or about \$185 each \$100 valuation. Mr. Harwell pointed out.

**Corsicana Is Center**

Running from Comanche in the west to Timmon in the east, highway 22 puts Corsicana in the center of an extensive trade area with a road system that is scarcely equalled in any other section of the state. The highway is in talking of the importance of the project as a traffic artery.

As one of the main projects of their Chamber of Commerce activities, the highway committee of that organization has been extensively active in the pursuit of the designation, the secretary pointed out. They have been aided by the local business community, and Navarro county since for many years, and for the past five or more years have been working persistently on the present highway.

One of the beginning episodes of the modern phases of the campaign for the road was the big picnic held several months ago on the site near the bridge across the Trinity river, at which Governor Ross Sterling, then chairman of the state highway commission, and the principal speakers at this picnic the first gesture toward nominating him for governor of the state was made.

**Many Trips to Austin**

Since that time numerous delegations have appeared before the highway commission, and several briefs have been filed, with result that the road has been conditionally designated. Aid on the project has been received from all counties from Beaumont to Fort Worth.

Eventually the District 1 section of the road was completed from Corsicana to a point south-east of Eureka, and Navarro county proponents of the road project began to insist to the highway commission, that with similar efforts completed by Anderson county, the conditions on which the road system were to receive the road designation had been fulfilled.

In recent months almost every meeting of the highway commission had found the Corsicana delegation appearing before them seeking the road designation, and more recently they were joined by Hill and Anderson counties, with Hamilton and Bosque counties.

**Chamber Spent \$1500**

During the period of road building in Navarro county, the chamber has spent more than \$1500 in highway activities without additional levies upon the members of the organization, the secretary pointed out; feeling that the benefits of the road system secured would more than offset the expenditures.

Highway committee activities were conducted under the generalship of E. J. Jackson for several years, and after his removal to Tyler, J. N. Edens became the head of the highway committee and carried the efforts to their successful conclusion at Austin Wednesday.

Navarro county put up money on Highway 22 from Corsicana to the district line near Pinkston several months ago and the state is doing the work on that road.

To Lieutenant George C. Calnan (above) U. S. N., captain of the United States Olympic fencing team, fell the honor of taking the Olympic oath of amateurism and sportsmanship for the international contestants in the games. Calnan, six times national foil champion, is a veteran of four Olympic games.

## Girl Murder

(Continued from page 1.)

Sprecken, said he met Evelyn near the edge of a swamp, and attempted to put his arm around her. She struck him.

He attacked her with his fist, the confession said, and she fell unconscious to the roadway. Then he rolled her body down an embankment and returned to his home for some rope and a gunnysack. He could detect no heart action in the girl, he said, and to make death certain, tied a length of rope tightly around her throat. The post mortem examination disclosed that the rope caused her death.

Then he trussed up the body with rope and gunnysack, took a two-wheeled cart from a nearby house and wheeled the body to the hut at the rear of his own home where he buried it. It was there the body was found yesterday as the tragic conclusion of a four day search.

Scorching on the confessed slayer's face, believed by officers to have been inflicted by his struggling victim, betrayed his secret Tuesday night after he had evaded detection for three days.

For the illustrated pamphlet, "BEAUTY," ten cents in stamps with fully s.a.s.e. must be enclosed. Address Miss Forbes in care of this paper.

## TYPES OF MAKE UP

**How to Make Up**  
In the hot days, the less make-up the better is the gist of Miss Forbes' advice today. But she also tells you how some of the Hollywood stars make up and how they dress during the real warm weather.

People write me and ask what sort of make-up the movie stars use. The first answer I can think of is that they use too much. Not the really big stars, those who have "arrived." The "arrived" are those with a pathetic faith in paint and powder—at least the eye of even a mediocre director could not see beneath such a surface!

Most of the really big stars wear practically no make-up during the day. I have seen Constance Bennett walk on the "lot" ready for work on her new film, which claims to tell the truth about Hollywood. She had nothing but a minute and hastily applied bit of powder on her skin. Later, of course, she went on the "set" with a complete make-up. When she puts on make-up with ordinary clothes, uses faint brown eyeshadow above her nice brown eyes, a delicate pink powder on her cheeks, a very faint rouge and lipstick.

The vogue in Hollywood this year is careless simplicity. An informal evening party means a white flannel skirt, and a white cotton sweat shirt pulled over a silk blouse, angora wool socks with bare legs, and strap sandals, which cost, at most, four dollars. I've seen Ruth Selwyn, one of the prettiest women in Hollywood, dressed just this way at a dinner. A young hopeful, who hasn't even become an extra, wore a spangled evening dress, and a girl who does occasional small bits, wore flowered chiffon and a garden party party.

**make-up for your type.** Remember this—whatever your type! We are in the middle of the summer, the days are hot. Use as little artificial color as you can. Grease your eyelashes to make them seem thick and dark. Use very light rouge and a light color lipstick guaranteed to stand heat and water without spreading. Use a powder heavy enough to stick on when it is hot, and a darker shade than you use in winter. Try to wear no make-up at all for days in the sun, either on the beach or in the country.

Mrs. C. B.—If you steam your vegetables instead of cooking them in a great deal of water, you will be able to retain more of their chemical elements, and get that much more food value from them. Frequently, the real nutrition from boiled and stewed foods is thrown down the drain; while when served up what may appear to us as very attractive food, but lacking in the vital elements that we should have to keep-us in full strength. When it is possible to serve raw vegetables and fruit, it should be done, so all the vital elements may be eaten. Most housekeepers are doing something toward this when serving raw tomatoes, celery, onions, and the vegetables that may be gratified, such as carrots, parsnips, with all the green, leafy ones for coloring. Nutritional chemistry courses will become more general in other localities beside the large cities, and when they do, many housekeepers will be able to take these courses so they may give every member of their families the perfect diet for his or her needs.

## AGREEMENTS IN SIGHT THAT WILL HUNT UNITED STATES

### NEW ZEALAND OIL BUSINESS MAY BE TRANSFERRED TO SOVIET RUSSIA

OTTAWA, Ont., Aug. 4.—The Soviet Russia was seen at the imperial trade conference today as reaching forth to snatch New Zealand's market for oil from the United States.

It was reported that the Associated Motorists' Petroleum Company of New Zealand, which here to fore has bought its gasoline, kerosene and lubricating oils from the United States and from the Netherlands Indies, had obtained an exclusive monopoly on the importation, distribution and sale of these products from Russia.

The Russian oil, the reports said, is to be sold in New Zealand at about five cents a gallon less than the price now paid for United States oil.

Australia and Great Britain continued discussion of an agreement which would divert much of Australia's motor car buying from the United States to Britain in return for British preferences on fruits, butter, wines, grain and dairy products.

These discussions gave rise to reports that the recently reported steel accord between the United Kingdom and the Dominion of Canada was being extended to Australia.

Various bi-lateral agreements in process of negotiation were seen to direct threats to many important export products, including steel, textiles, oil, automobiles, fruits, farm products and dairy machinery.

The effect of all these proposed agreements, however, even if they should be made, might not be what the minors intended. All of them would have to be submitted to the parliament of the participating countries for approval.

### CORSICANA WOMAN DIED WEDNESDAY; BURIAL THURSDAY

Mrs. W. J. Ammons, aged 71 years, died at the family residence on South Main street Wednesday afternoon at 2 o'clock and the funeral was held from the Eleventh Avenue Baptist church Thursday afternoon at 3:30 o'clock with burial in Oakwood cemetery. The services were conducted by Rev. Joe E. Glenn, pastor of the church.

Surviving are her husband and five daughters, Mrs. Emma Pratt, Mrs. Mary Novack, Mrs. Magie Newcomb, Mrs. Corine Haywood and Mrs. Mary Gray, all of Corsicana. Mrs. Ammons had been ill for several weeks.

Funeral arrangements were handled by the Sutherland-McCammon Funeral Home.

### MAN CHARGED WITH ROBBERY KIRKLAND BANK ONLY LAUGHS

CHILDRESS, Aug. 4.—(P)—A woman's dress figured largely in efforts to solve the \$1600 robbery of the First State Bank of Kirkland.

Officers said it had led them to Wade Stepp, about 30, and they charged him with robbery with firearms and put him in jail at Childress.

Wade laughed at the charges. After the bank had been robbed Tuesday by a man, who bank officials said was garbed as a woman, a woman's dress was found in a corn patch, near the place where the robber's automobile had run out of gasoline.

By means of a peculiar trade mark, investigators traced the dress to a store in Quanah, where an employe remembered selling it. Stepp was taken into custody at the home of a sister in Quanah.

Two other men were held for questioning. None of the money was recovered.

## Bacchus in Bondage Awaits Release by Repeal

One Million Bottles of Choicest Champagne Gather Dust and Cobwebs in Sandusky, O., Looking Forward to a Wet America.

ONE OF THE HOMMEL PRESSES MICHAEL HOMMEL TURNING THE CHAMPAGNE

In a gloomy cellar in Sandusky, Ohio, serving as an anchorage for innumerable cobwebs and covered with layers of dust are more than one million bottles of the finest champagne, carefully preserved against the day when the act that made the aristocrat of beverages an outlaw may be abrogated. It is the stock of the famous Hommel winery which once formed one of the Ohio city's major industries. Established nearly fifty years ago, the Hommel cellars are famous throughout the world for the excellence of their product. Michael Hommel, the founder, was brought from France to St. Louis to manage a winery and he rapidly acquired fame as an artist in winemaking. His product won a gold medal at the Pan-American Exposition in Buffalo, and later won grand prize at St. Louis. Hommel died 25 years ago, but his son, William, seemingly inherited his talents, for he is now employed as a wine maker by the Canadian government. Michael's widow is still living and resides in a house adjacent to her famous cellars. In the event of prohibition repeal, Mrs. Hommel will become a very rich woman—considering that one pays anything from \$10 to \$25 for a bottle of "sham-pagne" in any of our night clubs. Meanwhile the cellars are being run at a dead loss, the small sales for medicinal purposes being insufficient to pay for the work of keeping the wine in condition—the position of each bottle must be changed periodically—and keeping the giant presses in repair so that they can be started up at once, if and when prohibition is repealed.

### PRECEDENTS WILL BE BROKEN WHEN VOTES COUNTED

WASHINGTON, Aug. 4.—(P)—The clatter of broken precedents in the present campaign is being increased by the race between Charlie Curtis and John N. Garner for the vice presidency.

This is the first time in American history that both the vice president and speaker have been candidates for the same office.

Regardless of the outcome, they will preside jointly over the senate and house during the counting of the electoral college votes that will formally elect the next president and vice-president.

The senate and house will convene the second Wednesday of next February for the enumeration of votes. Vice-President Curtis, on the right of the rostrum in the house chamber, and Speaker Garner, on the left, will preside with the former wielding the gavel.

If Garner wins, it will be the first time a speaker and vice-president has sat jointly with a defeated vice-president. If Curtis is re-elected, it will be the first time a vice-president has defeated a speaker for the vice-presidency. Garner, however, would not be the first speaker to become vice-president. Schuyler Colfax of Indiana, speaker in the 38th, 39th and 40th congresses, became vice-president March 4, 1889.

### Cotton Picking Is Started at Kerens; Feed Crops Good

KERENS, Aug. 4.—(Spl.)—Cotton picking began here today at 25 cents per 100 pounds. The dry weather has opened the cotton fast. Farmers say picking will be in full swing by another week. From reports of gin men and farmers, Kerens is not expected to receive as much cotton as last year on account of the large feed crop. Most gin men and farmers estimate the crop at about 18,000 bales, compared with 18,000 last year.

Gardens and produce of all kinds have dried up and will be replanted for a fall crop as soon as sufficient rainfall will permit. Tanks and creek are drying up and farmers will need rains for stock water soon.

All feed stuffs have been harvested and it is said among farmers that very little of any will have to be purchased next year. That is something new for this part of the county.

## PIONEER CONCRETE HIGHWAY BUILDER IS VICTIM OF PRIMARY

BROWNSVILLE, Aug. 4.—(P)—Oscar C. Dancy, county judge of Cameron county, built a system of highways in his county and started the agitation which finally resulted in the state highway department building practically nothing but concrete roads, will go out of office January 1, defeated in the democratic primary.

Judge Dancy, whose defeat ended 14 years of office holding, built one of the first concrete highways in the state in 1920. His idea, then, as it has been since was to "build roads that will still be there while our children are paying for them." He insisted that if 40 year bonds were issued to finance a road, the road should be there when the last bond was paid.

The first concrete roads did some queer tricks, and later became known as Judge Dancy's permanent waves. The waves were as permanent as the road, and just now steps are being taken to smooth them out with special machinery.

Judge Dancy will retire with the distinction of having built 300 miles of concrete paving in Cameron county but never having driven a motor vehicle over a foot of it—he does not drive.

### NEGRO'S BODY FOUND

GAINESVILLE, Aug. 4.—(P)—An unidentified negro's body was found today in Elm creek near the Leonard park dam by two boys who were swimming in the stream. Sheriff Bert Browning said the negro apparently had been struck on the head and his body thrown in the creek. He had been dead about two days.

## I. C. Commission Finds Grain Rate To Be Unreasonable

WASHINGTON, Aug. 4.—(P)—The interstate commerce commission today found that rates on grain and grain products in carloads from Texas and Oklahoma points to New Mexico were unreasonable.

It did not fix rates for the future, however, because they are being handled in the Western grain rate case now in course of hearing.

The rates were attacked by the Great West Mill and Elevator Company of Amarillo, Texas. The report found they were unreasonable insofar as they exceeded a schedule ranging upwards from 7 and 10 cents per 100 pounds for wheat and flour for 10 miles or less; 8 to 9 cents for coarse grains, and 8 to 11 cents for hay.

### Sun Force Treated To New Delicacy

Thanks, Southern Creameries, for the Orange cream Lily Carry Out cups, you sent the Daily Sun staff yesterday. They certainly were good.

A liberal quantity of orange cream Lily Carry out cups, a new frozen delicacy being placed on the market here by the Southern Creameries, were given the Daily Sun Wednesday and enjoyed by all the employers. The cups were packed in dry ice.
